Personalising your service

According to TCM theory, each person is unique and therefore requires a full assessment in order to determine a personalised treatment plan. If you suffer from certain health symptoms or conditions, you can contact our registered practitioners to find the best-suited services to meet your individual needs.

Our Mission

At Dr. Li's TCM Clinic, our mission is to provide a range of high quality services to prevent disease, look after your health and maintain your wellbeing. By utilising professional care, expertise, and the latest knowledge, our experienced practitioners provide a full assessment to create a personalised treatment plan for each individual. We can also provide you with exercise and lifestyle advice to help you manage your condition and stay healthier.
